About NCETMA 2018

The aim of this conference is to bring academics, scientists, researchers and scholar students together to exchange and share their experiences and recent research results about almost all aspects of mathematics. The conference is sure to enrich mathematics learning, teaching and research at all levels through its invited lectures and paper presentations.

Topics to be covered:

Algebra
Analysis (Real, Complex, Functional)
Computational Fluid Dynamics
Differential Equations
Fuzzy Set Theory and its Applications
Graph Theory
Interval Analysis
Mathematical Modelling
Mathematical Biology
Mathematical Physics
Nonlinear Analysis and Dynamical system
Numerical Analysis
Operations Research & Optimization
Techniques
Probability and Statistics
Any other relevant areas

About University

Kazi Nazrul University has been named as a mark of respect to the rebel poet Kazi Nazrul Islam of India. The University is situated in the Damodar River valley, in the hub of coal mines and industries, in the city of Asansol, West Bengal. The Kazi Nazrul University has been founded with a vision to function efficiently as a

university encouraging and providing instruction, teaching, training and research in various branches of learning and courses of study for promoting advancement and dissemination of knowledge, and extending higher education to meet the growing needs of the society. The University is a highly focused source of general education for building careers in Humanities, General Science & Commerce. The university is presently running with 20 Post Graduate departments along with 24 affiliated colleges.

About the Department

This Department of Mathematics was established in 2013. This is the first Science Department of the Kazi Nazrul University. Currently the Department runs two-year Post Graduate Programme in mathematics (M.Sc. in four semesters). The department is in tune with its vision to generate high quality resources for the nation. A wide variety of optional papers from the fields of Mathematics and applications is provided in the Post Graduate programme. The faculty members of the Department are engaged in research activities in various fields of Mathematics such as Operations Research, Fuzzy Mathematics, Non-linear PDE, Dynamical system etc.

Call for Abstracts

Authors are requested to submit the soft copy of the Abstract of their original work to the conveners by email.

Important Dates

Deadline for Abstract submission: **06.03.2018**
Acceptance notification by e-mail: **09.03.2018**
