

Online Lecture Series

Date: 02nd Dec 2020

India Meteorological Society- Dehradun Chapter (IMS-DC) and **Indian Society of Remote Sensing- Dehradun Chapter (ISRS-DC)** in collaboration with **Indian Institute of Remote Sensing (IIRS), Dehradun** is organizing an online lecture series on **Dec. 4, 2020** and **Dec. 10, 2020** on the behest of Youth Climate Action Day 2020 as youth plays a pivotal role in spreading the awareness and mitigating the impacts of climate change at global level.

The lecture series aim to sensitize youth (**9th-12th standard school and undergraduate college students**) about the essence of climate and weather and their implications on society as per the schedule below.

Date	Time (hrs.)	Topic	Speaker
Dec. 4, 2020	1400 – 1530	Weather and climate: observations and prediction	Dr. C. M. Kishtawal, Former Scientist, SAC/ISRO, Ahmedabad
Dec. 10, 2020	1400 – 1530	Remote Sensing for disaster risk management	Dr. Arijit Roy, Scientist and Head, Disaster Management Dept., IIRS/ISRO, Dehradun

The live streaming of the series can be accessed via *YouTube* link: <https://www.youtube.com/user/edusat2004>.

Formal invitation and details of the lecture/speakers is attached in the flyer, please find the following link for the same.
