Department of Animal Science, Kazi Nazrul University, Asansol organized two day National webinar on “Recent Trends in Infectious Diseases” during 7th to 8th January, 2021. The webinar was focused on viral, bacterial, protozoan and parasitic diseases. The main objectives of the webinar were to illuminate the knowledge regarding the causative agents of various infectious diseases, their mode of transmission and possible preventive strategies. Patron of the webinar as well as honourable Vice Chancellor of KNU Prof. (Dr.) Sadhan Chakraborti enumerated the role of scientific webinars in the human society. Our Guest of Honour and Speaker Dr. Arindam Bhattacharyya, Professor, Department of Zoology, University of Calcutta highlighted the COVID-19 mediated threats to human beings and possible measures that can be used to minimise this infection. Other invited lectures were delivered by our Resource Persons Dr. Rajat Varshney Asst. Prof., Dept. of Veterinary Microbiology, Banaras Hindu University, Mirzapur, U.P.; Dr. Sumit Kumar Hira Asst. Prof., Dept. Zoology, The University of Burdwan, W.B.; Dr. Debapriya Bhattacharya, Asst. Prof., Center for Biotechnology, Siksha O Anusandhan University, Bhubaneswar, Orissa; Dr. Suprabhat Mukherjee, Asst. Prof., Dept. of Animal Science, Kazi Nazrul University, Asansol, W.B. and Dr. Sourabh Sulabh, Asst. Prof., Dept. of Animal Science, Kazi Nazrul University, Asansol. More than 100 participants attended and got benefitted from this webinar. The webinar ended with satisfactory feedback from the participants.

DATA ANOMALIES IN SOCIAL SCIENCE RESEARCH: CONTAMINATION AND RECTIFICATION

Organised by

Department of Commerce, Kazi Nazrul University, Asansol

Date: 27th December, 2020; Day: Sunday; Duration: 12.30 p.m. to 3.30 p.m.

ABOUT THE WEBINAR

Uncertainty is common in the Universe. One of the objectives of research is to minimise the impact of uncertainties in human lives. In general, through research we try to find the normal rule using historical data but due to abnormal situations, the collected data may be abnormal in nature. The abnormal data can change the findings of research. Hence, we have to understand the right way to tackle with the abnormal data for finding a right conclusion. This Webinar will address the issue of normalising abnormal data in research.

Resource Persons:

**Professor D.K. Sreeramamurty, Andhra University, and
Professor Arup Chattopadhyay, The University of Burdwan**

Important Notes:

- There is no registration fees.
- e-Certificate will be issued to all registered participants after receiving the feedback forms

Report on “Two-day International e-Conference on Emerging Issues in Supply Chain Management: Interruption, Opportunities and Challenges”

It is to declare that a two-day international e-conference on “Emerging Issues in Supply Chain Management: Interruption, Opportunities and Challenges” was organized by the Department of Mathematics, Kazi Nazrul University during June 06-07, 2020. Around 75 participants from India as well as abroad participated in this conference. Sixteen participants successfully presented their works virtually in the said event. Professor Chandra K Jaggi Department of Operational Research & Faculty of Mathematical Sciences, University of Delhi delivered his keynote address. Professor Adrijit Goswami, Department of Mathematics, Indian Institute of Technology, Kharagpur, Professor Bibhas Chandra Giri, Department of Mathematics, Jadavpur University, Kolkata and Dr. Biswajit Sarkar, Associate Professor, Department of Industrial Engineering Yonsei University, South Korea acted as invited speakers in the e-conference. Students, faculty members and research scholars working in the field of supply chain management benefitted from this event.

With regards,

Yours sincerely

ABOUT KAZI NAZRUL UNIVERSITY

Situated in the Damodar River valley, historically enveloped amidst a setting of coal mines and industries in the city of Asansol, Kazi Nazrul University has been envisioned as more than a source of general education for building careers in Humanities, General Science, Commerce and Law. Heeding the policy need for embedding tertiary education within local contexts and conditions for development, the University has recently introduced two engineering departments in Mining and Metallurgy with opportunities of hands-on training in the vicinity. The abiding ideal of this University is to contribute to the economic, social, intellectual and cultural development of the country through the pursuit of excellence in teaching and learning and other creative-academic endeavours such as seminars, symposia, training in various service schemes, progressive research initiatives and comprehensive outreach programmes.
