Oggetto: /Richiesta di VISTO per l'Italia/Visa request for Italy

TO WHOM IT MAY CONCERN

Dear Sirs,

as Chair of the IAS Summer School, I am writing you to confirm that Mr. Sujay Bandyopadhyay, Ph.D Student at the Department of Geography of The University of Burdwan, Burdwan, West Bengal India, has been accepted to attend "The 6th IAS Summer School on Sediments: from Land to Sea Archives of global change - Mesozoic and Cenozoic, Alghero 2016"

(<https://www.sedimentologists.org/conferences/iss>).

The school is organized by the International Association of Sedimentologists (IAS) and will be held in Alghero at the Department of Architecture, Design and Planning of the University of Sassari (Italy) from 25th September to the 2nd October 2016.

IAS will cover all the housing expenses (food – full board - and accommodation in a three star hotel) for the entire time of the school.

IAS has also offered to Mr. Bandyopadhyay a travel grant of 500€ to cover, at least in part, the travel expenses to reach Italy.

I will be very delightful if Mr. Sujay Bandyopadhyay can get the VISA to come to Italy (Alghero) to attend the Summer School

Yours sincerely,

Vincenzo Pascucci
Chair of the 6th IAS Summer School
