Online Education

1. Does all programs/courses were completed on time.		Yes	
2. Measures taken to complete the syllabus of courses and programs.		<p>Online education or complete functioning of the pedagogic activities in the virtual mode has been the norm during the pandemic and since March, 2020, that is, since the announcement of the nation-wide lockdown due to the pandemic our University has quickly adapted itself into the online mode. The entire teaching learning process and the concomitant administrative facilitation of this university – all were conducted in the online mode since then and has been continuing even today, barring some intervening periods of off line classes. All the teachers and the administrative staff were given online work mode training through our subscription to an online training provider from England in early 2020 and the cost of that entire training was borne by the University. Being trained, our teachers began taking classes through various free online platforms like Google Class room, Google Meet, whatsapp etc. Very soon in 2020 itself during the lockdown our university also emerged as an ICT enabled university as all activities were conducted through ICT based platforms and modes. Subsequently in tune with this ICT focus, our university introduced our own ILMs mode, KNU Moodle and teachers began taking classes and conducting the evaluation process through the ILMs. Apart from regular classes and group discussion and term paper viva through virtual mode, we also conducted all the exams since March 2020 through the digital mode. Answerscripts were also evaluated through digital process and the entire process moved through paperless and online mode. All the important meetings of the university such as the Departmental meetings, Faculty Council meetings, BoS meetings where crucial academic decisions are taken were conducted online. Even the Executive Council meetings were also held online and no deadlines were missed because of our well preparedness and syllabuses were completed in time as all classes went on regularly in the online mode in all the courses and programmes and results were published in time as evaluation also happened digitally. This has helped us in facing the challenges of the pandemic through a perfect utilisation of the virtual mode. Regular review meetings were held online to supervise whether all deadlines are being met and no student suffers because of the delay in course completion. All UGC and AICTE notifications related to course completion and digitalisation during the pandemic were followed meticulously and that is how we succeeded in completing all the courses in time.</p>	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0	
Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
Swayam	0	0	0
5. No. of courses developed and available online on Swayam platform by your institution faculty		0
