Dear Sujay,

The **2nd session of the IAS 2015 Grant Scheme** has been very successful, and we received 16 applications. Most applications were in line with the grant guidelines and practically all of them were of high scientific quality. Most applicants also convincingly demonstrated the need for additional funding to support their PhD research. The IAS Bureau was thus very pleased with the overall outcome of this session of applications, and had a real hard time to select the best ones.

It is my pleasure to inform you that the IAS Bureau has selected you as the recipient of one of the grants that have been awarded in this 2nd session of the IAS 2015 Grant Scheme. **Your grant is for the amount of 1000 Euro.** Congratulations !

Please note that the Office of the Treasurer will only transfer the money after receipt of i) **a short report** (1 or 2 pages) on how the money was spent and on the results that were obtained with the grant, and ii) **proofs of expenses**, which will have to be made in agreement with the financial details mentioned in your grant application.

For what concerns the report... A copy of this report will be published on the IAS website and an edited version of it may be included in the IAS Newsletter. For examples of reports of previous grants, please consult the IAS website.

We also request that you acknowledge this financial support from IAS in any presentation during meetings/conferences and in publications that may arise from this grant.

In case you should encounter any problems, please do not hesitate to contact the Office of the Treasurer.

Meanwhile, in order to prepare the transfer process of the money, we kindly ask you to complete and return the enclosed form.

Yours sincerely,

Marc De Batist
IAS Treasurer
